

# WHYALLA MEN'S SHED

*...where men work at play*

## OPEN NOW

We are place for men with space for men.  
Come see our fully equipped wood and metal shops, our meeting room, our games room, our computer suite and our outdoor recreation and garden area.

Make new friends, keep busy and have fun. Enjoy making and fixing things, playing cards board games and 8-ball. Learn to use computers, the Internet and email. Enjoy the big screen TVs, our library and music.

There is something for everyone.

*You have lots of friends here, you just need to come and meet them.*

### What is the Shed?

A place where blokes come to have fun. So please come and join us. We are a bunch of friendly blokes waiting to make new friends, have a chat, share a story, a problem, a laugh and a cuppa'. So come and do, come and see, come and hear, come and learn, or just come and relax.

### What do blokes do at the shed?

Whatever they like (within reason!), including not much.

### Who can join?

All men, of all ages and backgrounds

### How much does it cost?

\$50 per year or \$5 per month. Coffee / tea / biscuits only \$1 per day. We also have a Social Club and X-Lotto Syndicate which you can join at a small extra cost.

### Is alcohol allowed?

No, if you need a drink there are plenty of pubs around town!

### What if I smoke?

Don't worry, we have fire extinguishers on the premises to put you out

### Who makes the decisions?

No-one and everyone, but there is a Management Committee for the tricky stuff

### What we do

We make all manner of things from wood and metal, we grow things in our garden and we cook in our kitchen.

We have fully equipped wood & metal workshops and always several projects on the go. If there is something you want to make or fix there will be someone to show you how or help you work it out. We are always open to new ideas & techniques.

We also build, repair and refurbish selected items for local people and businesses. If you need something made or repaired, come and see us.
