THE OFFICIAL NEWSLETTER OF WELLINGTON GOLF CLUB

A MESSAGE FROM THE PRESIDENT

As you will all be aware, "times are hard". YES times are hard, but times are hard in a lot of businesses and small clubs, it's not the end of the world or your golf club, but we do need every member to work together for the good of the club. If this happens, "times won't be hard for long."

We have many members who volunteer their time and put in a lot of effort to keep the course and the club house functioning.

We recently had a very successful Open, we received some much needed support from the members who own their own business and the club thanks them very much. I would especially like to thank Fletcher Ivey, who, through his business Precision Health Care, stepped up and became our main sponsor for the 2017 Open and has decided to sponsor the Open for 2018 and the foreseeable future. Thank you Precision Health Care.

We had 92 starters for the Open and that was very pleasing. The course was in fantastic condition and has remained that way. Well done to everyone who put a lot of effort.

VALE RON FRAPPELL

The passing of Ron Frappell has saddened all members of Wellington Golf Club. He will be missed greatly. He has over the years help out at the club many times, not only on the mower, but on B-B-Q as well.

He was a Life Member of the Club and we would like to pass our sincere sympathy onto his family and his many friends.

This newsletter has been produced because we have had much difficulty getting golf reports into the local paper. The newsletter will be produced every week and will be available at the Clubhouse from Wednesday. We will in the future be putting all relevant draws etc. A copy of this newsletter will eventually be made available on-line through the website and Facebook page, we will also be endeavouring to get to you as many members as we can through a phone app, but this will take time.

Please turn over for more upcoming events and the Kiss trophy draw.
