The sync should take up to 14 minutes depending on the internet connection speed.

After a full sync, we do recommend that you do a single course file which is done by

Go to www.bushnell.igolf.com

Log in with your email and password (top right of the page)

Looking at the screen you should see DEVICE SET UP & SEARCH COURSES

Click SEARCH COURSES

On the next screen page you will see a search bar – type in a golf course you play at most or any course you know may have had recent changes.

A list will appear with all courses of that name.

Locate the line that is the course in the State and Country you want.

Click on the name.

The next screen will show DEVICE CONNECTED IN ORANGE

Underneath it should say in DOWNLOAD COURSE in green click on this.

This should take no longer than 1 minute.

Unplug the device and you are all done. Log out of www.bushnell.igolf.com
