PROPERTIES

HP7 IS A POWERFUL AND DEEP ACTING CLEANER

- Free from solvent and acid, safe on all materials
- Safely removes unpleasant odours and natural soiling
- Is not flammable
- 100% biodegradable
- Pleasant odour
- Non-corrosive

TECHNICAL INFORMATION

Colour: Green

Condition at room temperature: liquid

Flammability: 0

Solubility: entirely water-soluble

PH: 9

Biodegradable: yes

Toxicity: non-toxic under normal use, do not ingest

APPLICATIONS

- Cleaning of all surfaces: walls, floors, plastics, stone, wood, etc.
- Cleaning of all vehicles (inside and outside): car, motorbike, caravan, boat, machinery, etc.
- Cleaning of heavily soiled textiles.
- Solvent free degreasing of work pieces prior to bonding, sealing, welding, coating, etc.
- Use HP7 Cleaner for joints and surface finishing of all TEC7 adhesive products.

USE

- Spray HP7 from bottom to top
- Leave to soak in, depending on soiling
- For heavy soiling scrub with brush
- Always rinse thoroughly, if necessary, rinse with high pressure cleaner

Test for colour fastness on an inconspicuous area.

If HP7 comes in contact with glass, always rinse off very thoroughly.
