Today we are taking a journey into the past. Be greeted on arrival with morning tea before stepping back in time to an era when everybody travelled by train. A fully guided tour of Australia's largest and oldest Railway museum, with over 125 exhibits representing the development of the NSW railways from the late 1800's.

The Main Exhibition Building is where you will discover how the NSW railways brought life to town and country. Learn about life on the lines and in the workshops, marvel at some of the engineering and design achievements of the railways, find out how signals and points keep the lines safe, walk the timeline of rail development from invention of the very first steam powered engine to today, and see how the railways revolutionised tourism and leisure travel in Australia.

Highlights include:

Governor General's Carriage - if there was a rolling, steel-wheeled work of art in this country, it is the stunning Governor General's carriage - a Palace on Wheels.

Prison Van - you will find a lot more in the Prison Van than you could imagine. These rolling gaol cells operated in one form or another from 1867 until the 1950's.

Steam Locomotive E18 - built in 1866, this is the oldest loco in the collection and it had a working life of almost a century.

Lunch today is at Picton Bowling Club where we have a scrumptious Buffet with favourites such as Roast of the Day, Chicken Schnitzel, Tempura Fish, Vegetables, Chips, Salads, Tea, Coffee and Dessert.

After Lunch we once again board our coach and travel over the Razorback Range via Camden to Smeaton Grange for a visit to Lolliland. After stocking up on all your favourites we then rejoin the coach for a leisurely journey home.
