Fraser Coast Artslink Inc would like to extend an invitation to all musicians, performers, dancers, visual artists or related interested parties to be included on our database. The database allows us to provide information to other organisations who enquire about hiring bands or performers, those willing to conduct workshops and community groups looking for performers. It also helps Fraser Coast Artslink to keep arts minded groups informed of upcoming opportunities and events. There is no cost involved in being on the database and membership is not a requirement.

If you are interested, please fill in the form below or contact enquiriesfca@gmail.com for more information.
