

MPAS – Bird Sale Code of Practice

BIRD SALE CODE

GENERAL

1. This code applies to all Avicultural species presented at MPAS bird sales
2. A copy of this Code of Practice is to be displayed in a prominent position at the entrances of the venue. Copies are to be made available upon request.
3. Sale of birds is to be limited to a maximum of five hours.
4. For the safety of bird's other animals including dogs are not permitted to enter the venue, whether on leash, unleashed, contained or carried without permission from the Bird Sale Co-ordinator.
Assistance dogs are permissible.
5. All sellers are to be made aware of this Code of Practice to ensure compliance, with prior notice that the code will be strictly enforced by the stewards.
6. Entry to the venue is conditional upon compliance with this Code of Practice and "MPAS Sellers Rules" by all persons; including buyers, sellers and traders.
7. Bird sales are to be deferred or cancelled if the ambient dry-bulb temperature is predicted to reach 32°C or above on the day of the sale. *The predicted temperature to be used will be the regional temperature of the closest locality to the venue as advertised on the ABC evening television news on the day before the sale. All bird sales advertising should warn members of the public of this condition.*

MPAS – Bird Sale Code of Practice

VENUE

1. The venue is to be fully roofed and able to be securely closed off to enable the containment of any bird that may escape so that the bird can be recaptured.
 - a. Bird sale organisers are to provide a minimum of two suitable catching nets appropriate for the height of the venue to enable the owners or any sanctioned helper(s) to recover any escaped bird.
 - b. All transfers are to be within the secure venue, an enclosed transfer aviary, room or other secure facility that does not allow escape of the bird/s.
2. Organisers of the bird sale are to provide clearly identified stewards that are familiar with this Code of Practice and are to be in continuous attendance at the venue.
3. Stewards have the right to refuse entry to the venue to any person or bird or cage deemed to be in breach of this Code.

DISCLAIMER

The Mornington Peninsula Avicultural Society Inc, its officers and/or its committee shall not be responsible for:

1. the health or welfare of any birds sold, transferred and/or purchased by any person, where the health of that bird proves to be defective or not up to the standard anticipated by the purchaser.
2. any disease or virus that is transmitted by way of any goods sold, transferred and/or purchased at a bird sale organised by the Mornington Peninsula Avicultural Society Inc.
3. any disease or virus transmitted from a bird to a human being by a bird which has been sold, transferred and/or purchased at a bird sale organised by The Mornington Peninsula Avicultural Society Inc.

SELLERS RULES

General

1. This code applies to all avicultural species presented for sale.
2. For the safety of birds other animals including dogs are not permitted to enter the venue, whether on leash, unleashed, contained or without permission from the Bird Sale Co-ordinator. *Assistance dogs are permissible*
3. Stewards have the right to refuse entry to the venue to any person or bird or cage deemed to be in breach of this code.
4. Only birds in good health, sound physical condition, fully feathered and self-sufficient [fully weaned] may be offered for sale. The organisers reserve the right to have a steward or recognised Avian Veterinarian inspect any or all of the birds offered for sale by a seller and, at their sole discretion, shall upon the advice of the steward/Veterinarian determine if the birds shall be allowed to be presented for sale.
5. Transportation of birds should be in accordance with section 5.1 of the Victorian Code of Practice for the Housing of Caged Birds (Dept. of Agriculture). *It is recommended that birds being transported to and from the venue are to be carried in an enclosed but well ventilated vehicle and only to be confined to a transport cage for a maximum period of 24 hours.*
6. Only one species of bird is permitted per cage. *See 'Cages section' and **Attachment's A & B** for details.*
7. Birds that have been sold by pre-arrangement must not be put on display or exchanged prior to the advertised start time of the bird sale.

MPAS – Bird Sale Code of Practice

CAGES & PRESENTATION

1. Cages are to be constructed of a solid material such as timber, metal or hardened plastic (no cardboard, corflute or used containers). All-wire cages are not permitted to be used by either sellers or buyers to contain birds.
2. Only freshly cleaned and well-presented cages are acceptable. They must be free from dirt, dust, old droppings and old stale food and should be a light colour inside (e.g. white, light blue, light green). Freshly painted cages are desirable to display your birds in a quality fashion.
3. Cages are to have perches available suitable for the species within (quail and ground dwelling birds excluded) and suitable material on the cage floor to prevent soiling of the birds feathers. Perches should be sited in the cage to suit the species within allowing for head clearance of the bird/s within the cage when perched.
4. Sellers must present their cages with an adequate supply of fresh clean water, seed and/or other appropriate food for the species contained within suitable vessels for the entire period of the sale. Seed on the floor of the cage is acceptable as long as it is contained within the confines of the cage.
5. Every buyer of a bird should provide a carry container suitable for the species that is intended to be purchased. *See section 5.1 of the Victorian Code of Practice for the Housing of Caged Birds (Dept of Agriculture).*
6. Maximum number of 6 birds per cage irrespective of the cage size

Minimum size cage is 250mm high, 250mm wide & 115mm deep. Display cages must be of a size and have a perch (except quail) positioned such that the bird/s, when on the perch, have clearance between the head of the bird and the top of the cage and allow sufficient room on the perch/s for all birds. ***Over-crowded cages will NOT be accepted for display nor will the use of airfreight or carry boxes.***

7. Species known to be aggressive should be displayed 1 bird per cage (eg Crimson Rosella)
8. We recommend that cages displaying quail should have a foam ceiling for the safety of the birds.

MPAS – Bird Sale Code of Practice

REGULATORY COMPLIANCE

1. Any person in possession of native birds requiring a licence is to produce, upon request, their wildlife licence and record book to authorised officers of the Department of Environment, Land, Water and Planning or members of Victoria Police.
2. Upon transfer of native birds subject to licence, both buyer and seller are to sight and exchange licence details.
3. When purchasing non-licensed birds it is the buyer's responsibility to obtain the name and contact details of the seller if required.
4. Sellers must be aware of and abide by relevant Consumer Laws.
5. ALL Hybrids (native and non-native species) that are visually identifiable as hybrids are excluded from entry to the bird sale and must not be offered for sale. If the stewards believe a bird is a hybrid, their decision is final and the bird must be removed from sale.
6. The Bird sale will be deferred or cancelled if the ambient dry-bulb temperature is predicted to reach 32°C or above on the day of the sale. *The predicted temperature to be used will be the regional temperature of the closest locality to the venue as advertised on the ABC evening television news on the day before the sale.*
